“I am my provider, I shall not be in want
I have stored up hay if the grass is not green in
the valley
I have a big canteen just in case the waters are
dried up
I have a map so I can find the right path
Even if I walk through the valley of the shadow
of death I have no fear... I have a living will, my
funeral paid for and a healthy life insurance
policy to care for my family.
I will fear no evil because I have theft alarms on
my car and home and the police will be there in
minutes.
My accountant and my broker, they comfort
me.
I have prepared an investment portfolio that
will put food on the table for years to come,
even if my competitors should go belly up.
I have been anointed with ability and good
planning.
Surely, income and dividends will follow me
every month, without fail.
And I will dwell in my own home, not a nursing
home, all the days of my life.”
